

NOTICE OF INTENT TO AWARD SOLE SOURCE This is a sole source synopsis published for informational purposes only. The Naval Supply Systems Command (NAVSUP) Fleet Logistics Center Norfolk (FLCN), Pentagon Directorate hereby provides notice of its intent to award a sole-source, cost-plus-fixed-fee (CPFF) contract to American Systems Corporation (Address: 14151 Park Meadow Drive, Suite 500, Chantilly, VA 20151-4230). The Government intends to solicit and negotiate with only one source under the authority of FAR 6.103-1(c)(2). Only one responsible source and no other supplies or services will satisfy agency requirements; when awarding a follow-on contract for the continued development or production of a major system or highly specialized equipment and, for DoD, NASA, and the Coast Guard, for the continued provision of highly specialized services, would result in (i) Substantial duplication of cost to the Government that is not expected to be recovered through competition; or (ii) Unacceptable delays in fulfilling the agency's requirements. A Justification and Approval for the Use of Other Than Full and Open Competition has been prepared.

The contractor will provide wargaming technical and support services in support of the Joint Staff, J8. The primary support will encompass all aspects of wargaming support in the areas of planning, analysis, monitoring, evaluation, assessment, and documentation of programs required to satisfy force structure assessment and oversight analytical needs, in achieving Joint Staff's mission requirements. It is anticipated that the proposed effort will include a 6-month base period and will include four (4), 12-month option periods.

NAICS Code: 541330 Engineering and Technical Services -- (Size Standard \$25.5M).

Interested parties may identify their interest and capability to respond to the requirement. **THIS NOTICE OF INTENT IS NOT A REQUEST FOR COMPETITIVE PROPOSALS.** However, interested parties may identify their interest and capability to respond to this requirement no later than 20 August 2026, 3:00PM Daylight Saving Time (EST).

A determination not to compete this requirement, based upon responses to this notice, is solely within the discretion of the Government. Information received will normally be considered solely for the purpose of determining whether to conduct a competitive procurement.

All responsible sources may submit a response; however, only sources meeting requirements will be considered for award, including having the demonstrated capabilities including the requisite security clearance and being the incumbent business source under predecessor contract N0017819D7111/N0018921F3025. The Government will NOT be responsible for any costs incurred by interested parties in responding to this notice of intent. Only written responses will be considered. All responses from responsible sources will be fully considered. As a result of analyzing responses to this notice of intent, the Government shall determine whether a solicitation will be issued. Any prospective contractor must be registered in the System for Award Management (SAM) in order to be eligible for award.

Interested parties are encouraged to furnish information. No documents submitted will be returned. By submitting an offer, the offeror is self-certifying that neither the requestor nor the principal corporate officials and owners are currently suspended, debarred, or otherwise ineligible to receive contracts from any federal agency. All interested parties shall submit clear and convincing documentation demonstrating their capabilities to satisfy the requirements listed above to Contract Specialist Danielle Martin by email at danielle.n.martin18.civ@us.navy.mil. The capability documentation should include general information and technical background describing in detail the prospective contractor's capabilities and experience that will demonstrate the ability to support these requirements.

Point of Contact: Danielle Martin, Code 223, Contract Specialist (e-mail: danielle.n.martin18.civ@us.navy.mil).
